

Twilight on the River™ **Presented by Growing Bridgeport Together™** **2020 Market Application and Contract**

Mission of Growing Bridgeport Together™

Dedicated to promoting programs and events in the community for and with community organizations, artists and musicians for the development and improvement of public spaces, programs, education and charitable causes.

New Location for the 2020 Season

Due to anticipated construction of the multi-use trail at the entrance to our original location, we are moving the market to the Bridgeport Town Center Events Space located next to Borough Hall on 4th Street at Mill. GPS use: 63 W 4th St. The new location is situated diagonally from an extremely busy WaWa on a well-travelled road, being PA State Route 23. The most recent traffic census lists this portion of 23 as having 11,000 daily trips. This is a highly visible location for us and we are very excited for our third season!

Vendor Mix, Selection Criteria, and Priority

Vendor Mix: While the Twilight on the River™ Committee (the Market Committee) endeavors to ensure a strong mix of product availability at each market, there may be overlap in product offerings by more than one vendor. There should be no expectation of exclusivity. The Committee will make every effort to balance the vendor/product mix to ensure a healthy competitive environment.

Selection Criteria: In keeping with the Mission of Growing Bridgeport Together™ to foster building a strong community in the Borough and encouraging revitalization, the Market Committee will give first preference to applications submitted by businesses operating in the borough and/or owned by borough residents, followed by local businesses within a 10-mile radius, then Montgomery county, and finally all other locations. Additional selection criteria will include but is not limited to: producers will be considered before resellers, small businesses considered before chain or corporate entities, and under-represented products before those already included in the current market mix.

Priority: At each new season, the previous full-season vendors in good standing will receive first priority, followed by weekly vendors in good standing, then by applicants in the order of their application. The Market Committee may recruit a new applicant at any time to improve market balance and vitality. Current market vendors and others are encouraged to contact the Market Committee with leads and recommendations for new vendors.

Normal Sales Practices

Vendors are independent entrepreneurs with a common stake in creating a vibrant marketplace. Other vendors may question activities that seem to exceed normal sales practices. These activities might include:

- Unsafe conditions or hazards at a stand
- A stand that impedes access to other vendors
- Consistent pricing of products well below profitable levels
- Condition of a stand, products, or vendor behavior that detract from the market's appearance, overall quality or reputation

The Market Committee will have final determination on resolution of questionable sales practices or activities.

Signage

- Signs must be posted before the market opens listing prices of every item for sale
- Producers will display a sign identifying the name and location of their farm
- Growers should clearly separate and label organic and non-organic produce in the same display
- Growers listing "organic" produce, or calling their produce "organic," must display a sign listing their organic grower's certification and their certifier's organization
- ***All participants must comply with Montgomery County Health Department regulations***
